ABSTRACT

This is the seventeenth in a series of catalogues of documents in the ERIC system that are of interest to teachers and researchers in foreign languages and linguistics. The documents cited in the present list appeared in the monthly ERIC abstract journal "Resources in Education" from January through June, 1976. The list is compiled from all of the RIE citations published during that period, not only those contributed by the Clearinghouse on Languages and Linguistics. The list contains the following headings: (1) General; (2) Linguistics; (3) Foreign Language Education; (4) Physiology and Psychology of Language Learning; (5) Equipment; (6) Bilingual/Bicultural Education; (7) English as a Second Language. Each entry includes author's name, title of the work, source, date (if available), length, and ED number. The list is designed to be used in conjunction with RIE and an ERIC microfiche collection. (Author/RM)

Documents acquired by ERIC include many informal unpublished materials not available from other sources. ERIC makes every effort to obtain the best copy available. Nevertheless, items of marginal reproducibility are often encountered and this affects the quality of the microfiche and hardcopy reproductions ERIC makes available via the ERIC Document Reproduction Service (EDRS). EDRS is not responsible for the quality of the original document. Reproductions supplied by EDRS are the best that can be made from the original.

ERIC Documents on Foreign Language Teaching and Linguistics: List Number 17

Compiled by PETER A. EDDY AND KATHLEEN MCLANE, *Center for Applied Linguistics*

THIS IS THE SEVENTEENTH in a series of catalogues of documents of interest to teachers and researchers in foreign languages and linguistics that have been processed into the ERIC (Educational Resources Information Center) system. Lists Number 1 through 12 were published in *Foreign Language Annals*, starting with the December 1968 issue and ending in May 1974. Lists 13, 14, 15, and 16 appeared in the March 1975, November 1975, April 1976, and November 1976 issues of *The Modern Language Journal*, respectively. List 18 will appear in the November 1977 issue.

The documents cited in the present list appeared in the monthly ERIC abstract journal *Resources in Education (RIE)* from January through June 1976. The list is compiled from *all* of the *RIE* citations published during that period, not only those contributed by the Clearinghouse on Languages and Linguistics. The categories in this list have been reorganized; the list's structure no longer remains strictly parallel to that of the *ACTFL Annual Bibliography*. The major headings now correspond for the most part to the scope areas of the Clearinghouse. Several subcategories have been established which provide parallel listings under the major headings Foreign Language Education, Bilingual Bicultural Education, and English as a Second Language. Examples of such subcategories are Materials, Methods, Program Description and Evaluation, Research and Testing, and Teacher Training. There were no FLES documents in this list. In the future, FLES will be a subcategory of Foreign Language Education.

This list continues the entry format adopted in List 14: author's name, title of the work, source, date (if available), length, and ED number. Full résumées for each title may be located in *Resources in Education* by ED numbers, indicated on the spine of each issue.

The list contains the following headings and subheadings:

- I. General
  - Careers
  - International Education
  - Translation
  - Other
- II. Linguistics

- III. Foreign Language Education
  - Culture
  - Materials
    - General
    - French
    - German
    - Spanish
    - Uncommonly Taught Languages

The material in this publication was prepared pursuant to a contract with the National Institute of Education, U.S. Department of Health, Education, and Welfare. Contractors undertaking such projects under government sponsorship are encouraged to express freely their judgment in professional and technical matters. Prior to publication, the manuscript was submitted to the Center for Applied Linguistics, and to the National Federation of Modern Language Teachers Associations for critical review and determination of professional competence. This publication has met such standards. Points of view or opinions, however, do not necessarily represent the official view or opinions of the Center for Applied Linguistics, the National Federation of Modern Language Teachers Associations, or the National Institute of Education.

How to use this Document List. In order to function as a useful research tool, this list *must* be used in conjunction with the abstract journal *Resources in Education* (*RIE*) and an ERIC microfiche collection. The list aids the researcher by placing at his fingertips an index to virtually all ERIC documents from January through June 1976 that deal with research and teaching in languages and linguistics. *RIE* may be found in many college, university, and public libraries and in some school resource centers. It may also be ordered from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402 (subscription per year: domestic, $42.70; foreign, $53.40; single issues, $3.60).

How to obtain ERIC Documents. Most of the documents in this list may be read on microfiche at one of the more than 600 ERIC collections in the United States and abroad. These collections are located in school and university education libraries and at all ERIC Clearinghouses. For a listing of the microfiche collections nearest you, contact the Clearinghouse on Languages and Linguistics at the address below.

Either microfiche or hard copy reproductions of most documents listed in *RIE* may be obtained directly from the ERIC Document Reproduction Service (EDRS), Computer Microfilm International, Inc., P.O. Box 190, Arlington, VA 22210. For documents not available from EDRS, a mailing address and price are given in the resume entry in *RIE*.

The ERIC Clearinghouse on Languages and Linguistics is interested in providing the best service possible to the professional community of language and linguistics teachers and researchers. Do not hesitate to send us questions or suggestions regarding this list or any other aspect of our operation.
